

Sunteca

Folding Arm Awning

Extend your lifestyle -take the indoors outside.

Create an alfresco dining experience with a large shaded area. Shelter from the sun during the summer days or extend at night on those cool, crisp nights in winter to make a cosy space.

Operate easily with the optional electric motor (hidden away inside the fabric tube) at the touch of a button or allow totally automatic operation with sun/wind sensors

Easily adjust the slope of the awning to take account of low sun angles

pitch control adjustment

chain connection

optional hood
